

LIST OF APPENDICES

- Appendix 1: List of Firms Contacted
- Appendix 2: Individuals Contacted and Interviewed
- Appendix 3: Prospect Analysis
- Appendix 4: Characterizing the Galvanizing Producer
- Appendix 5: Characterize the Galvanizing Line
- Appendix 6: Characterize the Galvanizing Line (cont.)
- Appendix 7: Post Treatment and Spangle Minimizer
- Appendix 8: Galvanizing Line Equipment Suppliers
- Appendix 9: Characterizing Production of the Metallic Coating Line
- Appendix 10: Operating Hours, Source of Steel Processed, Dross Rate
- Appendix 11: Product Dimensions and Bath Assays
- Appendix 12: Line Speed
- Appendix 13: Major End-Use Markets and Relative Impact of Cost Elements
- Appendix 14: Fundamental Priority of Galvanizing Line
- Appendix 15: Adequacy of the Galvanizing Line Equipment, Maintenance, and Limitations to Increasing Production
- Appendix 16: Reasons for Rejection or Downgrading of Coils
- Appendix 17: Future Steel Grades for Galvanizing Product and Adequacy of Equipment
- Appendix 18: Adequacy of Furnace and APC Cooling System
- Appendix 19: Plans to Upgrade and Objectives
- Appendix 20: Key Decision Makers and New Technologies Considered for the APC Cooling Equipment
- Appendix 21: Interest in Service by an OEM Heat Exchanger Manufacturer
- Appendix 22: Galvanizing Bath Chemistry Control
- Appendix 23: Galvanizing Bath Chemistry Control (cont.)
- Appendix 24: The Importance of Reducing Transition Time and Interest in New Facilitating Technology
- Appendix 25: Reprocessing Galvanized Steel Coils
- Appendix 26: Zinc Metal Consumption
- Appendix 27: Other Elements Specified in the Ingot
- Appendix 28: Range of Coating Weight
- Appendix 29: Chemistry Measurement / Control System
- Appendix 30: Unresolved Problems and Issues
- Appendix 31: Top Dross Generation, Disposition, and Removal
- Appendix 32: Toll Processing
- Appendix 33: Dross Removal

LIST OF APPENDICES (CONT.)

Appendix 34: Dross Removal Process and Equipment

Appendix 35: Analysis of Top Dross and Comments

Appendix 36: Plans or Considerations for Galvanizing or Related Lines

Appendix 37: Bath Chemistry (For EGL)

Appendix 38: Plans to Modify Bath Chemistry Measurement and Control

Appendix 39: Interest in Consulting Services

Appendix 40: Questionnaire for North American Galvanizing Line Market Study

Appendix 41: List of Non-Participants
