

# LIST OF TABLES

## **PROSPECT ANALYSIS**

Table A -	Summary of Prospects.....	P-1
Table B -	Best Prospects.....	P-1

## **Section 1 – CHARACTERIZING THE PLANTS & GALVANIZING LINES SURVEYED**

Table 1 -	Metallic Coating Lines in Plants Surveyed.....	1-1
Table 2 -	Major Galvanizing Steel Producers.....	1-5
Table 3 -	The Production of Advanced High Strength Steels by Galvanizing Lines Surveyed .....	1-11

## **Section 5 - STRIP THICKNESS, THE USE OF A SUBSTRATE THICKNESS GAUGE, AND MEASURING METALLIC COATING WEIGHT**

Table 4 -	Substrate Measuring Devices 15 Years or Older.....	5-6
-----------	--	-----

## **Section 6 - IN-LINE CLEANING BY GALVANIZING LINES SURVEYED**

Table 5 -	Galvanizing Lines With Coating Problems Related to Inadequately Clean Strip.....	6-1
-----------	--	-----

## **Section 7 - PASSIVATION & ACRYLIC COATINGS EMPLOYED BY GALVANIZING LINES SURVEYED**

Table 6 -	Chrome Passivation Requirements for Zinc Coated Strip in Galvanizing Lines Surveyed (Million Square Feet) .....	7-3
Table 7 -	Leading Users of RoHS Chrome Passivation for Zinc Coated Steel Strip in Galvanizing Lines Surveyed (Million Square Feet).....	7-4
Table 8 -	Users of Chrome Passivation for Zinc Aluminum Coatings in Galvanizing Lines Surveyed (Million Square Feet) .....	7-4
Table 9 -	Acrylic Coating Requirements for Zinc Coated Strip in Galvanizing Lines Surveyed (Million Square Feet) .....	7-5

## **Section 8 - CORROSION & PROTECTIVE COATINGS AND RELATED REFURBISHING OR REPAIR OF PLANT FACILITIES**

Table 10 - Galvanizing Lines That Experience Occasional Corrosion Problems & the Methods They Use to Repair Leaks, Extend Life of Holding Tanks, etc. .... 8-1

**Section 10 - PROBLEMS & PLANS OF GALVANIZING LINES SURVEYED**

Table 11 - Major Problem or Issue With Galvanizing Line Operation..... 10-1

Table 12 - Plans to Address Needs ..... 10-2

Table 13 - The Status of the Galvanizing Drive System..... 10-3
