**Price:**

Hard Copy - \$175 each. (18" X 24") printed on HP banner gloss paper (300dpi resolution)

PDF: \$550.

Larger sizes available upon request – price may vary

The below the map is organized by Country, Companies, and Location and whether they are in EAF or BOF steel melt shop. This map includes all continuous casters that are processing steel in Integrated plants, Minimills, and Specialty steel plants in the U.S., Canada, and Mexico.

These maps include the following data:

1. The list of plants is color coded by country.
2. Zoom boxes magnify areas with a cluster of plant locations.
3. The map includes 132 locations with 167 continuous casters included on the map with a total steelmaking capacity of 147 million tonnes
